A Gas and Oil Drilling Permit shall be required to be issued prior to the commencement of any aspect of any Gas or Oil Well drilling operation within the City of Farrell. The following information and submissions are required as part of the permit application:

- A. Completion of the City of Farrell Gas & Oil Well Drilling Application as provided by the City, and payment of such permit fee as established by resolution of City Council. Application for a permit must be made no less than thirty (30) days prior to commencement of any aspect of the well drilling operation including site preparation.
- B. Submission of a license and permit bond or other financial security as approved by the City Solicitor, in the amount of not less than ten thousand (\$10,000) Dollars, as increased from time to time by the City as principal in favor of the City of Farrell as obligee, which bond shall ensure compliance with all parts and sections of this ordinance. The license and permit bond shall be issued by a bonding company licensed to do business in the Commonwealth of Pennsylvania, and the bond shall be made for a period of not less than one (1) year. A new bond or an extension or renewal of the original shall be furnished at the expiration of any existing bond, and shall remain in effect until the completion of the drilling operation and restoration of the site. If any bond or other financial security required herein lapses or becomes void for any reason, the permit issued under this chapter shall immediately become inoperative and void until a new bond is provided or the existing bond is reinstated in full force. All bonds shall be subject to the approval of the City Solicitor as to form and sufficiency. The permit bond shall be released by the City upon final inspection and satisfaction of all applicable requirements of this ordinance.
- C. Submission of an approved Pennsylvania Department of Environmental Protection Gas and Oil Well Drilling Permit, in addition to any other state mandated license or permit, now or as hereinafter required and the site plan.
- D. In the event that City maintained roads are to be used for access to the well site, a road repair and maintenance bond in an amount of not less than Twelve Thousand Five Hundred and 00/100 (12,500.00) Dollars, per mile of road used as adjusted from time to time by City, must be posted to guarantee repair of all damage to city roads or rights of way.
- E. Where the access road to a proposed well site is connected to a City road, the City prior to construction of the access road must approve a driveway permit.

FOR ALL OTHER REQUIREMENTS SEE ORDINANCE O-10-2002
